

**Did you or a loved one serve in the
military?**

**Do you have health concerns related to
your military service?**

**Get information on applying for
VA benefits!**

The PACT ACT is a new law that has expanded \$ benefits and health services for veterans exposed to Agent Orange, burn pits and other toxic substances

- *Because the law has changed, you **may now be eligible** for benefits you were previously denied.
- *Several new medical conditions have been added to list of presumptive conditions.
- ***YOU MUST APPLY** to receive benefits. If you were previously denied, and would like your claim to be reconsidered, you must apply again!
- *If you **apply BEFORE August 10, 2023**, benefits will be paid **retroactive** to August 10, 2022 when the law was signed. **APPLY** right away to take advantage of this!
- *You can still apply after August 10, but any benefits awarded will be paid according to the date you applied.
- *Veteran Service Officers (VSOs) are available to offer **FREE** assistance to answer questions and help file claims. **Find a VSO near you by visiting:**
