

Senior “Cooling” Centers

Weber and Morgan

There are 12 senior centers in Weber and Morgan Counties. All six of the larger senior centers (listed below) that operate on weekdays are welcoming senior citizens looking for cooler places to stay. All the centers are furnished with air conditioning, tables, chairs, sofas, water fountains, bathrooms, and reading materials. The centers offer various activities you can join. There is no payment required to visit the senior centers, but each center may have its own policy for registration, sign-ups, donations, and other center rules everyone needs to follow.

How well does your air conditioner work? Do you suffer from an overheated living environment? Why not consider visiting your nearest senior center to cool down? Your visit may help cool others down with your friendship!
