*Our case managers visit clients at their residences in Weber/Morgan.*

***Medicaid Aging Waiver (AW)*** is a program that diverts Medicaid-qualified elderly clients from premature nursing home placement and allows them to continue to stay in their own homes by subsidizing Medicaid special waiver services (such as homemaking, non-medical transportation, adult day care, chores, etc.). Weber Human Services offers this program, as well as help with applying for it. Visit <https://www.weberhsaging.net/in-home-care> for more information.
